CRIMSON LEDGER

The 1962 Crimson Ledger

Foreword

Many wonderful memories have been sown during our four year journey through high school. With this book we have tried to recapture some of these marvelous "Moments to Remember." We hope that, as time passes, each journey through the 1962 Crimson Ledger will enable you to reap again this harvest of joy.

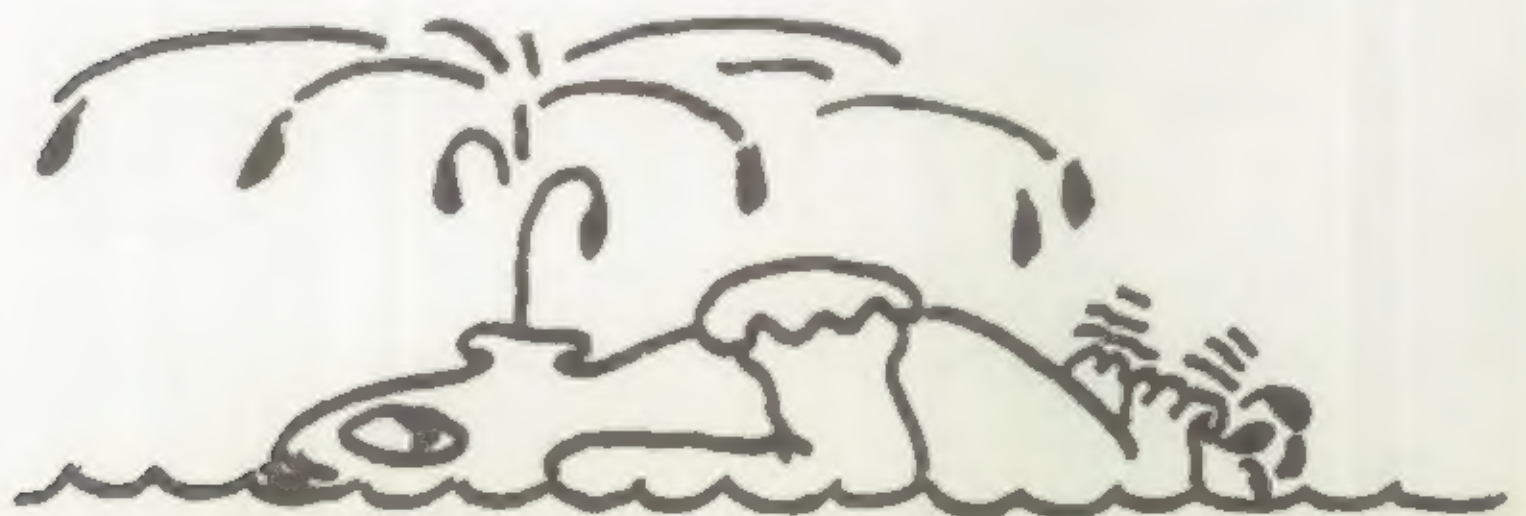

The time pieces we have used symbolize the past, present, and future; our memories, experiences, and aspirations. The amusing characters typify our own individual personalities and represent us as we see ourselves.

Past events recorded in this book are stepping stones to the future. May these stepping stones lead to the achievement of individual goals.

Dedication

To Our Parents

The Class of 1962 looks back over thirteen years of education with love and sentiment. Through these years we have never wanted for guidance and encouragement from those most dear to us, our parents. It is they who have channeled our lives through turbulent seas and helped us to reach the open waters of the future.

Our lives have been like a fleet of boats making its way across a tumultuous sea; our parents, teachers, and counselors at the helms showing us the best channels through dangerous waters, and we at the oars, trying to follow their directions and suggestions. Now we will be rowing our own boats, alone and unaided. Through the wisdom and knowledge gained from our elders we hope to be able to navigate straight courses through the waters of time.

Our ships are readied as we take up our oars and make our way into the future carrying with us memories of our schoolmates.

With love and gratitude in our hearts we dedicate this year's Crimson Ledger to our parents and all the others who have guided us through our youth.

Class History

In September, 1958, I came to Hamming as a teacher. A group of volunteers, headed by a local school, and I traded duties at night school during the day. After getting through the first week of classes and a social initiation, we became familiar with the school and its operation. Our group in the first year were Nancy Howell as our President, Pete Kolan as our Vice President, Conny Howell as our Secretary, and John Hamming as our Treasurer. We were scheduled to dance with the "The Festival of Dances." Our dance consisted of a regular class, but, of course, the class was still a little weak.

Our September 1st night had one new joy. We were then upperclassmen, though it was our first year as freshmen. At our first class meeting which was Charles Adams as our President, Pete Kolan as our Vice President, Joe Malysse as our Secretary, and Jim Bennett as our Treasurer. I don't know if you remember the class rings that we were supposed to follow the procedure of the class in choosing our rings. This year we tried our luck with a few rings placed for making money. We approached the task with enthusiasm and gave a drink entitled "Fool's Hop." Our next project was a food sale. Our first year was great to see as we made progress for you. Progress in our class.

In the morning we really started working hard to make our first day a little better. We started selecting our class officers and soon we have a girl as a class president, Shirley Powers to be our Vice President, Mary Summers our Vice President, and Sharon Secretary, and a young woman as our class treasurer. We began our activities with a dance entitled "Heart's Hop," and a record hop in the afternoon. We also had a record hop, two food sales, and a Show. I must have had a good time with the boy-girl basketball game. Our class play, "No Boys Allowed," was a great attempt at performing as well. This attempt was not only in the play, but also in the areas of interest. The Junior Prom, a happy event for Powers, was the next big event. The day was filled with a variety of things, singing, eating, kissing, and dancing, and last but not least, dancing.

[illegible]

Soon it was time for the Washington trip, and as you traveled home, so much that you wanted to come home except, because, in the morning.

At last graduate school and a new phase of life have begun for old Alma Mater. But the most interesting aspect of this new phase are these "Moments to Remember."
